Fire Commission. The twenty-eighth of each month at 8:00 p. m., at Central Fire Station.

Trustees of Woodlawn Cemetery. Last Friday of each month.

Trustees of Edgewood Cemetery. Last Monday of each month.

MAYOR'S INAUGURAL.

Delivered in Court Room, City Hall Building,
Monday, Jan. 1, 1904.

GENTLEMEN OF THE CITY COUNCILS:—

Twelve months have elapsed since we took our oaths of office to administer the business affairs of the city of Nashua to the best of our ability, and while there is no regular inauguration of a city government today nor change of administration or change of policy to be pursued, there seems to be but little for me as chief executive of the city to say to you.

It is not my purpose nor is it necessary to call your attention to the condition of the various departments, nor to give detailed reports of the transactions of our public officials, because in a short time a complete statement of the finances and financial condition of our city will be before you for inspection and consideration. However, it may be proper for me to comment upon some of the changes we have made and their results.

In my inaugural a year ago, I said that it was our duty at all times to endeavor to promote the well fare of our constituents and the prosperity of our people; that the duty was not personal but as representatives of the citizens, who by their votes placed their interests in our hands, and I remember saying that our responsibility to our constituents was of the utmost importance in directing our efforts in the performance of our official duties.

I have ever felt during 1903 that this spirit actuated you in all our deliberations and that every member of this convention placed his duty first, and any success we may have achieved during the past year is due in no small measure to your united efforts in behalf of the city.

The past year has been one of unusual prosperity for our city and I only ask the same line of conduct in courtesy, sincerity and co-operation as was so marked during the year just finished.

I say that our past year was one of success and one fact alone is worthy of especial mention and that is we have carried on the business of this city within the amount of money appropriated for that purpose. This is a matter of which we may rightfuly be proud because out of the appropriations as made, we have paid, as I will mention later on, several unpaid bills, left from the former administration, bills which should have been provided for in the line of fuel for the city buildings, and we celebrated our semi-centennial and paid every bill without any special appropriation being made therefor.

Every bill contracted during 1903 up to Dec. 15, has been paid or can be paid from money in the hands of the city officials.

We paid some $5,000 for the semi-centennial celebration; we paid $1,738, for fuel for the city buildings and some $1,207.19 for bills contracted in 1902 for the street department about which I will have something to say later on.

Thus, we have performed the usual duties and fulfilled the usual obligations of our trust and we have fulfilled some obligations not created by us and have a balance of cash on hand and all within our allotted appropriations.

FINANCIAL STATEMENT.

The financial statement as shown by our records is as follows:

Financial statement for 1903:

Resources.

Uncollected taxes for 1900, .	$3,191 03
Uncollected taxes for 1901, .	859 60
Uncollected taxes for 1902, .	3,612 60
Uncollected taxes for 1903, .	51,491 80
Sinking fund, ...	137,755 38
Cash on hand, ...	74,162 24
	$271,072 65

Liabilities.

Bonded debt,	$737,508 91	
Time note,	6,000 00	
Demand notes,	85,967 96	
		$829,476 87
Liabilities,	$829,476 87	
Resources,	271,072 65	
Net debt,		$558,404 22
Net debt, 1902,	$560,145 95	
Net debt, 1903,	558,404 22	
Decrease,		$1,741 73

Our first problem of 1904 will be that of the annual appropriations. I believe that certain increased amounts will be asked for by some of the departments. I believe that we ought to appropriate such sums as will give the city a business administration according to careful estimate based upon careful calculation and the demands of each department.

Among the more important changes in our municipal government which took place since we assumed our offices was that of the abolition of two committees, known as that of highways and bridges and that known as the committee on sewers and drains and the creation and establishment of the Board of Public Works This board was created by the legislature in 1901 and was approved in March of that year. For some unknown reason its provisions were never put in force nor no appointment made in 1902 but at the begining of our administration I made the appointments as required by law which were duly confirmed by the board of aldermen. The result has been most gratifying.

In the first place we have had the benefit of the practical knowledge of its members, some of whom are eminently qualified, all of whom are practical men and of sound judgment and

the tax payers are to be congratulated that from this department they have received full value for the appropriation.

I believe that in the respective offices of superintendent and assistant superintendent of streets, we have two officials who merit the appreciation of our citizens for the manner in which the work allotted to them has been done. The exact amount of work done and its cost will be shown in a report now being prepared for submission to us during the current month. This report shows in detail where the money appropriated was spent.

This is the first report of this kind ever made to the citizens and anyone who may be so inclined can follow the work done by this department in matters of time, place and amount of expenditure.

A decided advantage has been gained by placing the streets and highways of Nashua under this board, as a comparison between 1902 and 1903 will readily show.

The appropriation in 1902 from all sources for this department was $40,986.32.

Expended during the year, ...	$40,986 32
Bills contracted and left unpaid, . . .	1,207 19
Total cost of this department in 1902, . .	$42,193 51
In 1903 the appropriation was, . . .	$40,000 00

This was spent as follows:

Bills of 1902 paid, ...	$1,207 19
Expended for library lot, ...	50 00
For hauling coal to City Hall, . . .	43 29
Increase in valuation of property in horses, harnesses, etc., ...	750 00
Balance cash on hand, ...	49 12
Total expended for causes other than department,	$2,099 60
Am't actually at the disposal of the board, .	37,900 00

Adding to this salary of board, . . .	$600 00
Cost of gathering garbage paid in 1903 by board of health, in 1902 by street department, .	910 00
Making a total of, ...	$1,510 00

Makes a total against the department for 1903, $39,410 40; Making a total in favor of this department for 1903 of $2,783.11.

I do not believe this record has ever been parallelled in the history of this city and shows a most gratifying result.

I understand that permanent improvements in Main and Concord streets are intended, that the paving of a portion of Hollis street is in anticipation and that other improvements are contemplated by the board during the present year and that additional appropriations may be asked.

CITY FARM.

A year ago I advocated certain proposed reforms for the government and conduct of the city farm and I must say that I appreciate the action of the committee having the matter in charge for their co-operation with me in carrying out those plans. The result has been most satisfactory and compared with previous years is worthy of commendation.

As near as can be ascertained from our city records the net cost of maintaining the City Farm for 1902 was $4,560.99. In 1903, thanks to a strict account we have been able to ascertain what it costs to maintain the city farm as a whole or any of its departments. The apropriation in 1902 was $9,000.00. The appropriation in 1903 $5,000.00.

The revenue to Dec. 15, 1903, not including pay for gathering garbage for the quarter beginning Oct. 1, was $4,193 04. The increased valuation of property was $522.95; total, $4,715.99. Total amount paid out, $7,239.04; less revenue, etc., $4,715.99; net cost, $2,523.05.

This gives a net gain of a reduction of the expense of maintaining this institution for 1903 of over two thousand dollars.

This showing is one of pride to all concerned and was only made possible by hard work of the committee and by the efficient efforts of the superintendent and matron, to whom no little credit should be given. They have ever been watchful of the interests they had under charge, and they should be accredited with the best administration of the city farm in our history.

BOARD OF HEALTH

This department has been the subject of much consideration and discussion during the past years, and especialy during 1903. I desire to disclaim any intention to criticise the board of health, but it cannot be said that the condition of things under the board, as formerly constituted, has given entire satisfaction. I trust that out recent legislation will greatly remedy what was considered by some an unsatisfactory state of affairs and I firmly believe that we should ask of the next legislature permission to elect our board of health with a term of more than one year, that is, we should elect one member each year to serve for three years. This would give us at least two experienced members on the board at all times.

The department under the overseer of the poor has made an excellent record and I am informed that this official has returned over $500 unexpended from his appropriation.

I am pleased to report that all differences regarding the new High School building have been adjusted and that the work is progressing fovorably in the matter of construction. We have increased our bonded indebtedness and the bonds have all been disposed of, and with this addition to our school property, much of the inconvenience now existing in the matter of school room will be remedied.

During the past year I have adhered strictly to the ordinance of 1897 regarding the giving of orders for city purchases, and,

although the task has been somewhat difficult to perform at all times, yet I feel amply repaid for doing my duty in this respect. At all times, when it was contemplated to make purchases for the city and nothing remained but a question of price, the order was given to the seller who made the better price. This method keeps the mayor in touch with the expenditure of money in each department and has the tendency to obtain for the city fair prices for goods bought.

As I have said before, the forthcoming report of the board of public works together with our usual city report will suffice in the matter of acquainting you with all the necessary details of which I have not made any mention.

In conclusion let me say, that while we are entering upon a new year, we must continue to give to our work the same attention and care we have in the past, and that we eliminate from our deliberations all personal and partisan feelings when a question of public interest is involved.

I can but feel confident that as we progress with the business of the current year we will all perform our duties better and with more satisfaction if the spirit of fairness and courtesy, so prominent here, in 1903, is followed. I know you all had the interest of Nashua at heart and that no party or section of the city has been the object of special attention for discrimination.

I desire to extend my thanks to our city clerk and tax collector, who have always been ready and willing to render me much valuable assistance. To you, gentlemen of the city councils, with whom I have been intimately associated during the past year, I desire to return my sincerest thanks for your aid, assistance and co-operation in the work we have undertaken in common, and I assure you that during the coming year I shall strive as in the past to accomplish the best results for the welfare of those with whose interests I have been entrusted.

When we have fulfilled our duties, I hope it may be said of us that we did the best we could.

CITY TREASURER'S REPORT.

NASHUA, N. H.

To His Honor, the Mayor, and City Councils of Nashua:—

GENTLEMEN:—I herewith submit the report of the city treasurer for the financial year ending Dec. 31, 1903.

84. Main, foot of High street.
91. Cottage, corner East Pearl street.

92. Central Fire Station, Olive street.
112. Concord, corner Elliot street.

Fire Alarm Telegraph.

This branch of the service is in good condition but will, in the near future, require a larger and more up-to-date machine than the one now in use as the number of boxes have been doubled since its installation and has now reached its limit in two of the four circuits.

The outlay required will be, approximately, $1,500.00 for a six circuit machine in place of the four circuit machine now in use.

INSTRUCTIONS TO KEY HOLDERS AND CITIZENS

1. Upon the discovery of a fire, go to the nearest box, turn key in lock, and hold bolt back with key, as it is a spring lock, pull down the hook as far as it will go; shut the door. Do not try to remove the key, as it is locked in, and cannot be removed unless by one of the engineers, who will, as soon as convenient, release and return it.

2. All persons giving fire alarms should remain awhile beside the box so as to direct the firemen to the fire.

3. No person will give an alarm for the same fire after the first alarm has been given without an order from an engineer or the officer in command, and the person so ordered will be sure to go to the same box from which the first alarm was given and report to the chief engineer.

4. Never signal for a fire seen at a distance; never touch a box except to give an alarm of fire; do not give an alarm for a chimney fire.

5. Never let a key out of your possession unless called for by the chief engineer. If you change your residence or place of business where the keys are kept, return the key to the same officer.

APPARATUS AND HOSE.

The apparatus consists of four Amoskeag steam fire engines, one one-horse reel, four two-horse hose wagons, four supply wagons, one hook and ladder truck, one combination chemical and hook and ladder truck, one Babcock chemical engine. All in first-class condition.

We have, at present, about 10,000 feet of fabric hose in good condition.

ANNUAL REPORT

OF THE

BOARD OF PUBLIC WORKS

FOR THE

Year Ending December 15, 1903.

To the Honorable, The City Councils of the City of Nashua, New Hampshire:—

Gentlemen:—According to Section 5 of Chapter 283 of the Laws of the State of New Hampshire, entitled An Act in Amendment of the Charter of the City of Nashua, the Board of Public Works has the honor to present to you its annual report for the twelve months ending December 15, 1903.

Regular meetings of the Board have been held twice a month for the approval of bills and pay rolls and the consideration of such business as could legally come before it. Special meetings have been held at such times and places as was necessary, to view existing conditions or proposed improvements.

The board has made the following disposition of your appropriation of $40,000.00:

Highway Department.

Bridges and culverts,	$524 91
Catch Basins,	1,215 45
General repairs and maintenance,	7,715 46
Crossings,	598 84
Paving gutters,	485 12
Removing snow and sanding streets,	1,875 67
Granite paving,	4,560 49
Other paving,	3,053 34
Edgestone,	1,246 30
City waste,	3,287 91
Street cleaning,	5,769 84
Tools and supplies,	708 00
Sundries (team for Supt. and Asst. Supt, etc.),	930 96
Repair tools,	339 97
Trimming and care of trees,	194 39

Sewer Department.

Construction,	$3,486 50
Maintenance,	360 41

Public Works Office.

Clerical,	$2 25
Supplies,	74 85
Salaries (Supt. and Asst. Supt.),	1,922 34
Sundries,	7 05

City Teams.

Repairs,	$321 29
Supplies,	1,188 16
Expense,	81 38
	$39,950 88

Of this amount $1,207.19 was for bills contracted during the year 1902 and before the existence of this Board.

For a more particular description of the work of the Board as to location, methods and cost, you are respectfully referred to the report on file at the office of the clerk of the Board which will be printed in full in the volume of City Reports.

E. J. JOHNSON,
Clerk Board of Public Works.

Respectfully submitted, Board of Public Works.
J. J. DOYLE, Mayor,
HENRI T. LEDOUX,
A. W. SHEA,
A. W. DEAN,
E. J. JOHNSON.

Nashua, N. H., Jan. 26, 1904.

Detailed Report of the Board of Public Works for the year 1903.

January 1st, 1903 His Honor, Mayor Doyle appointed the following gentlemen to serve on the Board of Public Works and their appointment was confirmed by the board of Aldermen:

Henri T. Ledoux, to serve three years.
Arthur W. Dean, to serve two years.
Augustus W. Shea to serve one year.

At 8 o'clock p. m. of the same day the Board met at the office of the city engineer and organized as follows:

Hon. J. J. Doyle, Mayor, (chairman ex-officio).
Edward J. Johnson, City Engineer, (member ex-officio), Clerk.

Augustus C. Blain was elected superintendent of streets with a salary of $1,200.00 per year and Ovid F. Winslow assistant superintendent of streets with a salary of $800.00 per year.

In making a detailed report of the work done by the Board the same order will be followed as that in the report to the City Councils.

Highway Department.

In this department is included all work necessary to the maintenance of the highways of the city.

BRIDGES AND CULVERTS.

The work the past year has been the making of such repairs as were necessary to make the structures safe and passable. The most expensive work being that of repairs to the floor timbers and tar concrete surface of the Main street bridge over Nashua River costing $340.36. Table A, . . $524 91

CATCH BASINS.

The proper drainage of the city streets can only be obtained by numerous catch basins connected with the drainage system of the city. There are at the present time about 1,160 catch basins. Many are placed at points of little advantage and many are old style and not efficient in carrying off surface water. The Board has made many changes that were necessary and built such new basins as were necessary so far as its appropriation would permit.

One of the most important functions of the catch basins is to catch the sand that is present in the surface water and thus prevent the clogging of the sewers. This necessitates the cleaning out of all basins and this work is done in the spring and fall and some basins at the foot of steep grades more often, and for cleaning the expense has been for labor and teams, . . . $856 20

The work has been besides cleaning, the repairing and rebuilding of existing basins, new sewer connections, new grates and traps, and the construction of new basins. Table A, . .	$353 01
Back bills, ...	6 24
	$1,215 45

GENERAL REPAIRS AND MAINTENANCE.

There are within the city limits about ninety miles of streets and roads and the surface of a large proportion of the city streets and of all the suburban roads is of earth and gravel. A large part of the work has been the repairs of these streets and roads and the kind of work varies greatly from the patching of water holes to actual resurfacing with crushed stone or gravel and rolling with steam roller. An arrangement was made with the Park Commission allowing the Board of Public Works to take gravel from the South Common at ten cents per load. This is not only cheaper than it has been possible to obtain gravel elsewhere but the gravel is of better quality and the location of the the pit near the centre of the city greatly decreases the cost of haul.

Table A, ...	$7,417 10
Other streets and suburban roads, . . .	283 86
Back bills, 1902, ...	14 50
	$7,715 46

CROSSINGS.

Nearly all the cross walks of the city are constructed of tar concrete and the work this year has been largely that of repairs and has been done under contract by the Nashua Concrete Company.

Table A, ...	$552 52
Back bills, 1902, ...	46 32
	$598 84

PAVING GUTTERS.

On unpaved streets that have a steep grade it is necessary to have a paved gutter that will resist the action of running water but allow the same to rapidly reach the catch basin. On streets that have a flat grade it is necessary to have a paved gutter so that the contour of the grade will not be changed by the stamping of horses hitched to posts or by the action of wheels. A cobble paved gutter seems to fulfil very well these requirements and is at the same time the cheapest.

All the gutters put in this year have been cobble paved except on Main street in front of Masonic Temple and Railroad Square in front of the Boston & Lowell station where granite block of standard size were used.

Table A, ... $485 12

REMOVING SNOW AND SANDING STREETS.

The work of removing snow has consisted of making the sidewalks passable for pedestrians, keeping the gutters and catch basins open, and the main suburban roads passable for teams.

Alternate thawing and freezing necessarily makes the walks very slippery and they are made as safe as possible by the use of sand.

The cost of labor teams and material on this work has been, (Dec. 15, 1902, to April 1, 1903, and Dec. 1, 1903, to Dec. 15, 1903), ... $1,875 67

GRANITE PAVING.

A petition from Thomas Nutbrown et al., including many prominent taxpayers, was presented to the Board praying that

East Hollis street be paved from the Boston & Maine Railroad to the Taylor's Falls bridge.

This street is one of the principal thoroughfares for travel to and from the towns on the east side of the Merrimack River and is subjected to much heavy traffic. The tracks of the Boston and Northern Street Railway Company occupy the centre of the street and traffic is thus restricted to narrow limits cutting up the street badly. It appeared that the traffic to the city on the north side of the street was the heavier and as the Board could not apply enough of its appropriation to pave the whole street it was decided to pave the north half of the street from the B. & M. tracks to the Taylor's Falls bridge.

The paving surface was of granite block of standard size laid on a natural foundation with a three inch cushion of sand. The block was furnished under contract by the Nashua Granite Company and all labor was performed by city employees.

The cost was as follows:

2,555.45 sq. yds., new block, at $1.24 per sq. yd.,	$3,168 76
Excavating, laying, etc., 2,719.32 sq. yds., . .	1,349 74
Total cost of 2,719.32 sq. yds., . . .	$4,518 50

Other expenditures on granite paving were, 1902,	
bill for demurrage, ...	1 00
Franklin street, repairs to paving, . . .	22.12
Main street, granite block (not yet laid), . .	18.87
Total, ...	$4,560 49

OTHER PAVING.

The only other paving laid during the year 1903 has been crushed stone pavement often referred to as "Macadam" but as laid follows more nearly the method of Telford.

The foundation is of large field stone laid and rolled to a solid

bed, on this is spread evenly a course of crushed granite rolled to an even surface, the top or wearing surface is of Salem Trap Rock, egg size, and dust of the same stone. The thickness of courses and use of binding material has not always been according to the generally accepted rules but the traffic on the streets is light and the crushed stone pavements as laid this year have been very satisfactory.

The field stone used for foundations has in most cases been free for the hauling, crushed granite is furnished by the Dunstable Granite Company for $1.08 per ton f. o. b. Nashua and the Salem Trap Rock is furnished by the Massachusetts Broken Stone Company for $1.40 per ton f. o. b. Nashua.

The work has been as follows:

Fletcher street, about 4,000 sq. yds., . . .	$559 49
West Hollis street, about 4,000 sq. yds. (all native stone), ...	1,700 64
Temple street, about 1,241 sq. yds. (all Salem stone except foundation), ...	779 12
Back bills, 1902, ...	14 09
	$3,053 34

EDGESTONE.

Ordinance relating to Edgestone. Chapter XIII.

SECTION 2.

Whenever any owner or owners of land upon any street of said city, shall make application to the committee on highways and bridges for edgestones, to be set in front of said land, said committee are hereby authorized to furnish and set said edgestone, if in their opinion, the public good will be promoted thereby, and if the amount appropriated for said edgestone has not been expended.

Section 3.

In all requests for edgestone granted by said committee, said land owner or owners shall agree in writing with said committee, (representing the city) to lay, within six months from the setting of said edgestones, a sidewalk of hard burned brick, or concrete or other material satisfactory to the committee on highways and bridges, in front of said land to the satisfaction of said committee. If said sidewalk is not so built within the time specified, said land owner or owners shall pay to said city the cost of such edgestone and setting, or if said committee so elect, the said edgestone may be removed for use elsewhere, the expense of setting and removing the same to be charged to said land owner or owners, and all of said expenses shall be collected of such owner or owners as other bills due said city. (Board of Public Works succeeds Committee on Highways and Bridges).

The resetting of old stone is made necessary by the action of frost and by the roots of shade trees, the custom in this city being to plant shade trees in or near the curb line.

Granite edgestone is furnished by the Nashua Granite Company under contract as follows:

Straight stone, 42c. per linear foot.

Curves of radius 16 feet or less, 84c. per linear foot.

Curves of radius greater than 16 feet, 63c. per linear foot.

The expense is as follows:

Resetting old stone, ...	$182 16
Cost of new stone, ...	884 94
(Nearly 300 feet taken from Concord and Stark streets for the expense of hauling, viz. $47.50.)	
Setting new stone, ...	179 20
Table A, ...	$1,246 30

Of the total amount expended for this work $460.21 was in East Hollis street made necessary by the paving of the street.

CITY WASTE.

Rules for the Removal of Waste Material as adopted by the Board of Public Works, February 16, 1903:

Rule 1. Ashes and waste material when placed in barrels or other suitable receptacles that can be conveniently handled by two men will be removed on certain days by the Public Works Department.

Rule 2. No barrels or other receptacles containing garbage or other perishable and objectionable material will be taken and no material of any kind will be taken that is not in such receptacles as above described or tied in bundles or packed in such manner that it can be handled by two men. All paper and pasteboard shall be tied in bundles or placed in receptacles separate from other waste material.

Rule 3. Any person placing in the highways, on the sidewalks or on the travelled way any waste material not contained or held in the above described receptacles or containing garbage or other objectionable material will be notified by the Superintendent of Streets to remove the same and if said material is not removed by the person so placing it, it shall be removed by the Public Works Department and the expense thereof shall be collected from the person so placing it, in accordance with the laws of the State and the ordinances of the City.

Careless or willful inattention to Rule 2 has caused the Board much additional work and expense.

Every Thursday on the south side of the river and Friday on the north side the waste has been collected at a cost of, ...	$3,287 91

STREET CLEANING.

Except during the time when the streets are covered with snow, four men have spent all of each day cleaning the following streets: One man Railroad Square, Main street, north from south end of bridge to Concord street and paved part of Franklin street; one man Main street, south from south end of bridge to Main Street School; one man West Pearl street from Main to Palm and Factory street from Main to Vine; one man East Pearl street from Main to Temple and Temple street from East Pearl to railroad crossing. The men are provided with the familiar two-wheeled barrow, brush and shovel and this method has been found to be the most economical way to keep these streets clean.

The surface of many macadam streets have been scraped and the gutters freed from weeds and other accumulations which with the work above described has cost, ...	$5,515 34
And also the streets as shown in table A, . .	254 50
	$5,769 84

TOOLS AND SUPPLIES.

Tools and supplies purchased up to Dec. 15, 1903,	$708 00

Below is inventory of tools and supplies on hand Dec. 15, 1903:

1 steam roller.
1 iron horse roller.
2 road machines.
1 sweeper.
13 snow plows.
5 horses.
3 two horse carts.

2 two horse sleds.
1 one horse sled.
1 one horse cart.
4 pairs double harness with collars.
1 single harness with collars.
5 storm blankets.
5 street blankets.
5 stable blankets.
5 halters.
1 leather fly net.
6 whiffletrees.
2 neckyokes.
2 spreaders.
1 rooter plow.
3 common plows.
1 plow point.
2 harrows.
5 tons hay.
250 bushels oats.
2 desks.
13 chairs.
2 tables.
42 lanterns.
12 hooks.
18 forks.
15 handles.
22 wooden shovels.
22 long handled shovels, iron, square point.
2 long handled shovels, iron, round point.
43 short handled shovels, iron, round point.
126 short handled shovels, iron, square point.
1 set Felton's Improved Couplings.
44 picks.
18 mattox.
7 grub hoes.

8 large stone forks.
3 pairs rubber boots.
5 dippers.
3 hydrant wrenches.
2 square spades.
28 large stone drills.
50 small stone drills.
5 tamping bars.
Quantity of brass rods for repairing traps.
7 levels.
2 squares.
15 iron bars.
5 trowels.
3 paving hammers.
14 small hammers.
9 large hammers.
1 bit stock.
4 axe handles.
8 brooms.
49 manhole steps.
2 screens.
1 small sieve.
2 tripod.
1 chain pulley.
6 paving rammers.
8 dirt rammers.
4 chains.
Quantity of rope.
2 shut-off wrenches.
3 bases and grates complete.
6 extra grates.
1 light manhole cover and base.
17 traps.
9 old style grates.
8 covers.

19 sewer braces.
2 grindstones.
11 small bars.
1 bush scythe.
3 scythes and snaths.
10 mauls.
2 ice chisels.
4 rattan brooms.
2 cross cut saws.
3 hand saws.
3 wooden scrapers.
14 iron rakes.
16 wheelbarrows.
4 small ladders.
22 pails.
2 extension ladders.
1 set pulleys.
1 jack screw.
8 sign posts.
2 plank pullers.
4 axes.
1 large oil can.
4 small oil cans.
Quantity trap weights.
2 tons coal for roller.
2 hatchets.
14 hoes.
1 vise.
3 castings for plank.
2 Stilson wrenches.
2 stamps.
4 tool chests.
Quantity of brick.
Quantity of sewer plank.
16 pieces of 10 in. Akron pipe.

58 pieces of 12 in. Akron pipe.
88 pieces of 24 in. Akron pipe.
20 pieces of 20 in. Akron pipe.
114 pieces of 18 in. Akron pipe.
39 pieces of 15 in. Akron pipe.
4 15 in. Akron Ys.
4 18 in. Akron Ys.
10 Ys various sizes.
11 small pieces pipe.
13 Y covers.
1,300 lbs. salt.

SUNDRIES.

Telephones and tolls,	$50 96
Rent of tool houses,	156 00
(Tools now kept on city property.)	
Board for horses for Supt. and Asst. Supt.	264 00
Moving stock and building sand bin,	60 25
Drawing sand,	7 50
Street sprinkling,	30 00
Labor of two men and one-horse team on sundry work,	362 25
	$930 96

REPAIR OF TOOLS.

Labor and material, (Including repairs to steam roller),	$339 97

Trimming and Care of Trees.

This city is particularly rich in the possession of beautiful shade trees, there being few streets that are not well shaded by large elms and maples, and the devouring pests which have worked such havoc in nearby Massachusetts cities have not yet reached this city. The progress of these pests such as the Elm Beetle and Gipsy Moth is slow but certain in this direction

and the city will before many years have to undertake the problem of their extermination.

The work this year has been confined to removing the marks of age and decay and repairing the damage done by severe storms.

Table A, ...	$119 51
Other locations, ...	74 88

Sewer Department.

CONSTRUCTION.

Blossom street extension westerly 75.4 feet, 12 in. Portland pipe, average depth 8 ft., . .	$62 01
Cedar street extension westerly 109 ft., 8 in. Portland pipe, average depth 7 ft., . . .	73 01
Concord street. This sewer was to be extended northerly about 300 ft. to accommodate the new houses on the west side of the street and to drain Thornton avenue, a new street. The old sewer was found to be in bad condition and it was necessary to relay 94.4 ft. and build new 312.2, a a total length of 406.6 ft., 12 in. Portland pipe, average depth 5.5 ft., and two manholes, .	411 24
Highland street northwesterly from Auburn street 152.5 ft., 8 in. Portland pipe, average depth 7 ft.,	82 34
Lake street extension westerly 175 ft., 10 in. Portland pipe, average depth 6 ft., . . .	114 00
Ledge street system. It is impossible to extend farther the present sewer in Ledge street. A	

system has been designed to drain this district and also the subway under the proposed B. & M. R. R. bridge on Eaton street. The West Hollis street sewer was entered at Hanover street and a new sewer laid westerly to Eaton, thence northerly through Eaton street to the railroad where the work was stopped till the bridge should be built.

West Hollis and Eaton streets 974 ft., 15 in. Portland pipe, average depth 13 ft., and three manholes, ...	2,492 67
Rogers street easterly from Webster street 134.5 ft., 8 in. Portland pipe, average depth 8 ft., 1 manhole, ...	105 15
Back bills, 1902, ...	146 08
	$3,486 50

MAINTENANCE.

The work of sewer maintenance has been that of repairs, flushing and removing obstructions and the construction of a manhole on Temple street and on Main street opposite Franklin street.

Table A, ...	$280 94
Other locations, ...	79 47
	$360 41

Public Works Office.

CLERICAL.

Clerical. The superintendent is required to make to the clerk each day a written report of his work, giving the kind of work,

its location and the cost of labor and teams. The clerk has tabulated these reports and expenditures for material obtaining the information contained in this report. The clerk has also examined and checked all bills and pay rolls.

The clerk receives no salary, the work being in addition to his duties as City Engineer and the only expense charged to this work for the year is, ...		$2 25

SUPPLIES.

Supplies. This includes printed forms, books, and a desk and chair for the superintendent's office,		$74 85

SALARIES.

Salaries. L. G. Holt, Acting Supt. 2 days, ...	$9 00	
A. C. Blain, Supt., . . .	1,146 75	
O. F. Winslow, Asst. Supt., . .	766 59	$1,922 34
Sundries, ...		$7 05

City Teams.

Besides the hired teams, the expense of which has been charged to the work for which they were employed, the Board has kept at the city stable on Quincy street, two pair of horses throughout the year and in April purchased an additional horse. There are also two good two-horse dump carts, one old two-horse dump, one one-horse dump, two two-horse sleds, two new sets double harness, two old sets double harness and one single harness.

REPAIRS.

Repairs, (Including shoeing, repairs to harness, and extensive repairs to carts.), . . .	$321 29

SUPPLIES.

Supplies, (Including hay and grain enough to last until about May 1, 1904, one new horse and collar, $204.00 and two new sets double harness, $100.00.), ...	$1,188 16

EXPENSE.

Expense, (Time of two drivers on stormy days when they were employed on stable work.), .	$81 38

REPORT

OF THE

POLICE COMMISSIONERS

OF THE

CITY OF NASHUA.

1903.

To His Honor, the Mayor, and Board of Aldermen:—

The Board of Police Commissioners for the City of Nashua respectfully submit their twelfth annual report for the year ending December 31, 1903.

The Board continued with the same organization as in the year 1902 and held twelve regular and two special meetings.

The following is a statement of the different offences for which arrests were made and the number of the same, showing how disposed of, including the amount of fines and costs received and paid over to the city treasurer.

Arrests and Causes.

Arrests, males,	864
Arrests, females,	66
Whole number of arrests,	930

Causes of Arrests.

Assault,	54
Aggravated assault,	1
Assault on officer,	3
Accessory,	1
Attempt to rape,	5
Adultery,	2
Arrest for out-of-town officers,	9
Aiding prisoner to escape,	1
Bastardy,	2
Burglary,	17
Board beat,	1
Bond to keep peace,	2
Cruelty to animals,	4
Common drunkard,	10
Drunk,	402
Disorderly conduct,	16
Desertion from U. S. Army,	1
Disorderly house,	2
Disturbing religious meeting,	1
Defacing building,	9
Embezzlement,	5
Escaped convicts,	3
Evading fare,	3
Evading license laws,	1
Fornification,	4
Fast driving,	4
Held for debt,	1
Intoxocating liquor for sale,	3
Insanity,	4
Keeping malt liquor for sale,	8
Keeping spirituous liquor for sale,	5
Keeping malt liquor for sale, second offense,	82
Keeping spirituous liquor for sale, second offense,	2

Keeping open on Sunday,	13
Larceny from the person,	3
Larceny,	63
Lewdness,	2
Malicious mischief,	4
Non-support of child,	6
Night walking,	4
Noise and brawl,	16
Obtaining money under false pretense,	2
Obscene and profane language,	7
Obstructing officers,	6
Playing cards on Sunday,	2
Rape,	1
Retained for witnesses,	2
Safe keeping,	76
Selling liquor,	1
Selling goods without license,	3
Stubbord child,	14
Surrendered by bondsmen,	1
Suspicion,	2
Truants,	4
Tramps,	9
Throwing stones in street,	3
Vagabonds,	14
Total,	930

How Disposed of

Complaints not sustained,	94
Committed to County House of Correction, Goffstown,	44
Committed to City House of Correction,	157
Committed to County Jail,	54
Committed to State Industrial School,	19
Committed to County House of Correction, at Man-	

chester,	1
Complaints placed on file,	28
Continued,	3
Discharged on probation,	50
Discharged for informing where liquor was obtained,	1
Escaped prisoners returned,	5
Furnished bonds to appear in court,	36
Nol Pros'd,	17
Paid fine and costs,	247
Permission to leave city,	7
Sentence suspended by the court,	146
Suspended by paying costs,	13
Suspended by paying fines,	5
Suspended to go out of liquor business,	3
	930

Lodgers.

Whole number of persons furnished with food and lodging,	1,834

Property Stolen and Recovered.

Amount of property reported stolen,	$2,734 25
Amount of property recovered,	900 95

Incidental Services,

Accidents reported,	6
Disturbances quelled without arrest,	16
Dogs killed,	2
Dangerous dogs, notice served to owners,	3

Dangerous sidewalks reported,	14
Dangerous streets reported,	7
Dead bodies recovered,	3
Fires extinguished without alarm,	2
Fires discovered and alarm given,	11
Intoxicated persons assisted home,	18
Lost children restored,	22
Nuisances abated,	11
Obstructions removed from streets,	12
Obstructions removed from sidewalks,	13
Stores found open and secured,	109
Stray teams put up,	11

Amount of Fines and Costs.

Amount of fines and costs imposed by police justice,	$6,818 13	
Less amount paid to witnesses, and other expenses,	515 40	
Balance paid to city treasurer,		$6,302 73

By the direction of the Board of Police Commissioners,

JAMES B. CROWLEY, Clerk.

NASHUA PUBLIC LIBRARY.

Board of Trustees 1903-1904.

Library Hours.

The book department is open every day except Sundays and legal holidays from 9 a. m. to 8:30 p. m.

Reading Room.

From 9 a. m. to 9 p. m., and Sundays 2 to 5 p. m.

Children's Reading Room.

From 2 to 8 p. m. except Saturdays and during school vacations when the hours are from 9 to 12 a. m., and from 2 to 6 p. m.

THIRTY-EIGHTH

ANNUAL REPORT OF THE TRUSTEES

FOR THE YEAR 1903.

To the City Councils:—

Gentlemen:—In making this report it gives the trustees much pleasure to record that since the time of making their last annual report the public library has been removed from the Odd Fellows building on Temple street to its permanent home in the new Hunt Memorial Library building and it is with deep satisfaction that we now contemplate the fact that our library is safely housed in so fine a building, designed and erected especially to receive it and where the convenience of arrangement will greatly facilitate in carrying on the library work.

The location of the building at considerable distance from all other buildings, is noteworthy, as the danger to the library of loss by fire from any general conflagration that might occur in the city is thus largely reduced.

Surely the donors, whose public spirit and practical benevolence conceived the generous gift and provided a lasting memorial to the name of one of Nashua's most worthy citizens, are entitled to the sincere regard and praise of all our people.

Your attention is respectfully called to the report of the treas-

urer, also to the report of the librarian by which it will appear that in number of volumes the library compares well with the libraries in other cities of the size of Nashua.

In behalf of the trustees.

GILMAN C. SHATTUCK, Secretary.

TREASURER'S REPORT.

Classified Account.

RECEIVED

		$6,968 41

The foregoing is the combined account of V. C. Gilman, treasurer, for four months and G. C. Shattuck, treasurer for eight months.

Respectfully submitted,

G. C. SHATTUCK, Treasurer.

Auditor's Certificate.

I have this day audited the accounts of Gilman C. Shattuck, treasurer, for the year ending December 31, 1903, and find the payments properly vouched and the account of the treasurer overdrawn $348.74 as shown.

WARREN H. PRICHARD, Auditor.

Nashua, N. H., February 2, 1904.

LIBRARIAN'S REPORT.

To the Trustees of the Nashua Public Library:—

Gentlemen:—I have the honor to submit herewith the report of the librarian for the year ending December, 31, 1903, the first since the new library has been open.

Our rooms in Odd Fellows block being rented, we were obliged to close the library August 8. Had the furniture and fittings been ready, as promised, it would soon have reopened. The moving, no slight task, was so planned and with the efficient corps of workers so well and quickly done, that we could have given patrons books in a week or ten days at the latest.

The reception for the public was on Saturday, September 26th, and was attended by hundreds of our citizens.

The giving out of books was resumed on the following Monday, September 28th.

The generosity of Mrs. John M. and Miss Mary E. Hunt in providing this new home for the library is highly appreciated by its patrons. The handsome reading and reference room, with a much larger number of books than space formerly permitted, is most attractive. Instead of the one room for reference, newspapers, and children's reading room, each now have a separate one. The quiet so desirable for readers and students is no longer disturbed.

The children are happy in their pleasant, bright room, lined with low book cases from which they can select their books, and many now find there are other authors beside Optic and Hentig. Having the same privilege as the older patrons, they frequently take two books, when returning them they often say of the non-fiction one, "We liked that and want another of the same kind." At Christmas there was a display of pictures suited to the season. During the coming year we hope to have pictures of historical interest, also those of men famous in history, literature and art which will interest and instruct the children.

The number of books and pamphlets in the library at the time of our last report was 22,504. There have been only 625 added this year, by purchase 477, by gift 113, by binding periodicals 35. The expense of moving took so much from our appropriation that none have been added since July, except a few received on previous orders. In houses where there were infectious diseases were 14 library books, all but 2 were replaced by the borrowers. Adding these to the 27 worn books withdrawn from circulation there are now in the library 23,100.

In the reference room are 899 volumes and 13 atlasses. In the children's room 1,365. The latest books are on shelves near the delivery counter. On open shelves are 300 books. As these are taken they are replaced by others, thus giving the public a variety from which to select.

The number of books given out this year is, when the closing of the library is considered, the number varies but little from that of last year.

To the list of our patrons 681 have been added, of these 223 have been in the children's room, 100 the first month.

The library hours have been lengthened, the hours now being from 9 a. m. to 8:30 p. m. The children's room is open from 2 p. m. to 8 p. m., except on Saturdays, and during vacations when the hours are 9 a. m. to 12 m., and 2 p. m. to 6 p. m.

Three bulletins were published this year, for which the small price of two cents was charged. With the new year we hope to continue them.

Again I ask for books or pamphlets connected with our town or state history, or any thing of local interest. I earnestly wish that the file of the Nashua Telegraph might be completed, and that we might secure copies of the older papers published in Nashua. We are fortunate in having a complete file of the Nashua Gazette.

We have lost, this year, our esteemed trustee, Hon. Virgil C. Gilman. Since the opening of the library in 1817 Mr. Gilman held that office, and was for many years the treasurer. He was

deeply interested in our library, and had given it much of his time and thought. It was sad that he could not have seen the library in its new building, he had looked forward to, and hoped for it, for so many years.

Respectfully submitted,

HARRIET CROMBIE, Librarian.

CITY SOLICITOR'S REPORT.

To His Honor the Mayor, and the City Councils of the City of Nashua:—

Gentlemen:—I respectfully submit a report comprising the period from Jan. 1st, 1903 to Dec. 31st, 1903.

At the former date the following cases were pending against the City of Nashua and are now still pending:

Parker vs. Nashua. Petition for an abatement of taxes on real estate situate on the corner of Temple and Court streets. Referred to a commissioner. Petition filed Dec. 21st, 1896.

Greeley vs. Nashua. An appeal from an assessment of damages for land taken in widening Buck street. Referred to a commissioner. Entered March term, 1887.

C. R. Pease House Furnishing Company vs. Nashua. Four petitions for abatement of taxes on stock in trade and real estate situate on Pearl street. One petition referred to a commissioner.

Nashua Card and Glazed Paper Company vs. Nashua. Petition filed in 1902 for abatement of taxes on plant on Franklin street. Second petition filed May term, 1903.

The following cases have been disposed of during the current year:

Joseph Labine vs. Nashua. By agreement satisfactory to the City of Nashua.

Charles E. Congdon vs. Nashua. An action brought to recover for services for attending the small pox patients. Case tried by His Honor, Mayor Doyle. The Supreme Court of the State of New Hampshire rendered judgment for the City of Nashua.

Gage vs. Nashua. Action to recover for excess rent paid the city clerk for use of the City Hall. Judgment for the City of Nashua.

Hart vs. Nashua. To recover money paid out by former City Clerk A. A. Hall by mistake Judgment for Hart for $33.23.

During the year the following suits have been brought:

Spence & Rideout vs. Nashua. Petition for abatement of taxes on their plant situate on Denton street.

Proctor Brothers & Company vs. Nashua. Petition for abatement of taxes on their plant situate on Marshall street.

Edward H. Wason vs. Nashua. Action for debt for services as city solicitor.

City of Nashua vs. Worcester, Nashua and Rochester Railroad and the Boston and Maine railroad. Petition to compel the railroads to build a bridge at Eaton street.

Very respectfully,

IVORY C. EATON, City Solicitor.

REPORT OF THE COMMITTEE

OF THE

CITY FARM AND HOUSE OF CORRECTION

OF THE

CITY OF NASHUA.

1903.

To the Honorable Mayor and City Councils:—

The committee on City Farm and House of Correction hereby submit their annual report for the year 1903:

Inventory taken December, 1902, .	$11,603 60	
Inventory taken February, 1903, .	8,836 06	
		$2,767 06

The entire committee visited the farm February 1, 1903, and carefully inventoried the entire property and, finding many things useless and worn out, the above shows the result.

Inventory taken December, 1903, .	$9,459 49	
Inventory taken February, 1903, .	8,836 54	
Gain in inventory, . . .		$622 95
Received from labor on streets, .	$469 00	
Received from garbage teams, .	670 00	
Received from produce, labor, etc.,	3,054 04	$4,193 04
		$4,815 99

Appropriation for 1903, . .	$5,000 00	
Transferred from Incidentals, .	318 70	
Used from receipts of the farm, .	1,920 34	
		$7,239 04
Paid city treasurer, . . .	$4,193 04	
Gain in inventory, ...	622 95	$4,815 99
Net cost of running farm, . .		$2,423 05

The committee found the entire place to be in excellent condition, the stock showing a gain in growth and value. There has been more people cared for at the farm this year than usual. Mr. Wheeler as superintendent and Mrs. Wheeler as matron have carefully considered any changes advised by the committee and, as far as possible, have managed the affairs to the satisfaction of all.

HARRY W. GIBSON, Clerk of Committee.

ANNUAL REPORT

OF THE

Nashua Hospital Association.

FOR THE YEAR 1903.

To the Trustees of the Emergency Hospital:—

Gentlemen:—Your executive committee submit the following report for the year ending Dec. 31, 1903:

The number of cases treated, 357; medical, 74; surgical, 283; resident, 281; non-resident, 76; house, 269; out patients, 88. Accidents, 78; resident, 58; non-resident, 20. The average cost per day per patient was $1.72.

A comparison of these figures with the report of former years shows that in the amount of work done, the ratio of increase has continued the same, viz., one-third more than that of the preceding 12 month. During a greater part of the time, the building has had its full compliment of patients and on several occasions, every available spot in corridors or rooms, has been occupied by an extra bed or a cot.

Early in the summer a large tent was secured and placed on the hospital grounds, comfortably but plainly furnished for the accommodation of five patients. It relieved the congested condition of the hospital proper, during the warm season. The gratifying results obtained from treating cases in the open air, will warrant its continuance in future years, es-

pecially in that class of cases where a continued residence in the open air is desired.

The subject of an annex and of overcrowding patients have been mentioned before. The demand for more room still exists and is likely to be in greater evidence during the coming year. There is a growing feeling too, that this city needs a building where the more common contagious diseases, such as we treat in your houses, may be cared for. To those, thus affected, who cannot receive proper attention at their homes or boarding places and to those who have no homes, such a building would afford as great advantages as the present hospital does to subjects of accidents.

It is the opinion of your committee, that a cottage should be erected at the rear of the present building, facing on Dearborn street, for the reception of medical cases, especially of a contagious nature. This when completed, will be a proper adjunct to the Emergency hospital and the city will be then fully equipped to handle cases of any kind that may arise.

At the present the force of nurses consists of a matron, head nurse, one male nurse and six female nurses of the training school, a cook and second girl complete the working staff of the institution.

During the year Miss Campbell and Miss Rogers of the Massachusetts General hospital were elected to fill the position of matron and head nurse made vacant by the resignation of Miss Luce and Miss Dodd.

The donations of the year have been acknowledged by letter or through the columns of the local papers.

A. W. SHEA, Chairman Executive Committee.

Treasurer's Report.

RECEIPTS.

Cash on hand Jan. 1, 1903, . .	$445 76	
City appropriation, . . .	2,500 00	
Donations for the year, . .	1,684 06	
Interest on money deposited, . .	32 83	
Income at the hospital, . .	5,597 55	
		$10,260 20

EXPENDITURES.

Salaries, ...	$2,547 50

Cash on hand Jan. 1, 1904, . .	687 81	
		$10,260 20

BRADFORD ALLEN, Treasurer.

Auditor's Report.

To the Members of the Nashua Hospital Association:—

In accordance with the duties imposed upon me by the by-laws, I examined the books and the accounts of the treasurer, Dr. Bradford Allen, and found the same correctly cast and proper vouchers for expenditures for year 1903.

Total receipts for year, . .	$9,194 51	
Total expenditures for year, . .	8,506 70	
Balance in hands of treasurer, .		$687 81

I wish to call your attention to certain expenditures which I notice during the year: Total expenditures for light, $320.92, total expenditures for water, $229.30; total expenditures for laundry, $884.16.

In calling your attention to these items I do not wish to criticise the present management in any particular. All would agree that the items perhaps are large and whether there can be any reduction in the same or not I am not prepared to say.

It occurs to me that the matter of having the laundry work done at the hospital by a person regularly employed there is worthy of the consideration of the management and might be a saving to the institution.

Respectfully submitted,

E. H. WASON, Auditor.

Report of Training School for 1903.

We have at the present time six female nurses in training. During the past year we have had:

Applications for admittance,	17
Admitted,	9
Accepted,	5
Withdrew, unable to do work,	3
Withdrew, not adapted to work,	1
Dismissed,	2
Graduated,	3

Money earned on private cases, $61.50.

Owing to the fact of the large number of patients in the hospital during the past year, we have been unable to send out as many nurses for private patients as during previous years, hence the small amount of money received for their services rendered outside the hospital.

While we all wish that we could have a good, modern, up-to-date brick building for a hospital, still we have gotten along very well and accomplished good work, and with the promised annex, shall do better, but we badly need better accommodations for our student nurses. At present they are housed in three rooms in the attic, directly over the rooms of the patients. They cannot make any noise whatever but that someone is disturbed. It is extremely hot there in summer, and the conveniences are far from what they should be for young ladies who have to labor as hard as they do. They also need more room. We have a splendid class of student nurses, and to continue to have such, we must make their home life somewhat attractive and certainly comfortable. I trust that in building the annex some provision shall be made for them.

REPORT OF CITY PHYSICIAN.

To the Honorables, the City Councils of Nashua, N. H.

Gentlemen:—I have to report that during the year 1903, there were 2 births and 2 deaths among the city poor who came under the charge of the city physician.

The ages of those who died at the time of death was 73 years and 32 years 9 months.

Respectfully,

C. E. CONGDON,

City Physician.

ANNUAL REPORT

OF THE

INSPECTOR OF MILK

To the Board of Health, Nashua:

The statute regulating the sale of milk makes the year for a license begin in the month of May, therefore this report covers the period from May 1, 1903, to April 30, 1904.

The number of persons licensed to sell milk has been ninety-eight. The number licensed during the year which closed April 30, 1903, was one hundred and fifteen. The falling off is due to the amendment to the law. This amendment went into effect March 24, 1903, and provides that any person selling only the product of his own cows shall be exempt from paying any fee for a license. The income to the city from licenses has been this year $196, and one man has been fined in the police court $5 and costs for selling milk without a license. The complainant in this case was the inspector. The cost of milk inspection to the city has been $206.60.

The number of licensed dealers who have sold from carts has been thirty-four and the number selling from stores has been sixty-four. Of the former class nineteen live in Nashua and the others are divided among the towns of Hudson, Hollis Litchfield, Merrimack, West Windham and Dunstable.

During the year one unlicensed dealer and four holding licenses were found to be handling adulterated milk. Two

were using water, two were using preservative, and one was using both coloring and preservative. These dealers were all warned to discontinue such practices and from all of them, except one who was warned very recently, milk has been taken since the warning was sent and in no case has there been any evidence of adulteration. Many samples have been analyzed which contained more or less fine dirt. Such milk has not been properly cared for and should not be used for food. The presence of sediment can be detected by any one and if consumers would insist on receiving clean milk, the dealers would furnish it, for competition is keen in the milk business.

Pure milk, somewhat deficient in nourishment is to be preferred to that which contains filth from cow stables.

Some samples which I have examined have been low in solids indicating in some instances that the richer part of the milk had previously been sold. Before milk is delivered from a large can, all in the can should be thoroughly mixed. Those who sell from carts are generally more careful than those who sell from stores to mix their milk. Reports of all analyses are sent to those from whom the samples were obtained.

Respectfully submitted,

CHARLES H. NOYES, Inspector of Milk.

ANNUAL REPORT

OF THE

Trustees of Edgewood Cemetery.

To the Honorable Mayor and City Councils:—

The Eleventh Annual Report of the trustees of Edgewood Cemetery, covering the calendar year of 1903, is presented as follows:

Regular meetings of the trustees have been held, and the interests of the cemetery have received the careful attention of the members of the board.

All lots under perpetual care have been given proper care, as agreed in the various bonds.

Suitable attention has been given to the cemetery grounds in the mowing, watering and seeding lots, and keeping the paths and drives in proper condition. The section of the grounds situated near the corner of Amherst street and Edgewood avenue was, in our last report, mentioned as under improvement. The work which we had then in process has been completed, and the grounds have thereby been made much more attractive. A portion of the cemetery at Amherst street and Cushing avenue has been plowed, harrowed and seeded, and while it has not been thought advisable to do further extensive work on it, the work thus far done will add to the general appearance of this conspicuous part of the grounds. This will bring the whole of the cemetery near the traveled streets into presentable condition.

There is much more conspicuous ground, which we have not been able to treat at all, which should be improved as fast as the funds at our disposal will permit.

The plans under which the trustees have been working have been prepared by various persons and at various times, and have been found to be so inaccurate, that it has been not only extremely inconvenient, but actually unsafe, to use them. As considerable new ground has recently been laid out, and as more must be laid out in the near future, we have deemed it wise to have correct plans made at this time. Accordingly, we have had accurate surveys made and heights determined, from which new and accurate plans and contour maps have been drawn.

The interments for the year have been: Adults, forty-two; children, ten; removals from other cemeteries, two; total, fifty-four. There has been one removal from this to another cemetery. Included in the number given were five veterans of the Civil War. The remains of one veteran of the War of the Revolution, five of the War of 1812, two of the Mexican War, and seventy-nine of the Civil War, now rest in this cemetery.

During the year we have received payments for sixteen lots, deeds for fifteen of which have been issued. Some of these deeds, while here treated as single lots, have covered ground, which, by our plans, was actually sub-divided into more than one lot. Eight lots have been placed under perpetual care, bonds against seven of these having been issued. The remaining deed and bond will be against the same lot, and will be issued as soon as the lot, which is in a new section, can be designated by its proper number.

The finances of this board of trustees Dec. 31, 1903, are shown by the following statements:

Trust Funds for Perpetual Care.

City of Nashua notes, . .	$1,433 33

For the trustees, respectfully submitted,

HENRY H. DAVIS, President,

J. L. CLOUGH, Secretary.

Nashua, N. H., January, 1904.

ANNUAL REPORT

OF THE

Trustees of Suburban Cemeteries.

To His Honor the Mayor, and the Honorable City Councils:—

Gentlemen:—The secretary of the board of trustees of Suburban Cemeteries hereby submits his seventh annual report:

Condition of Cemeteries.

In the Evergreen Cemetery the plan of the city engineer has been pushed forward as far as the finances would allow. And at the present time, there are a number of new lots available for burial purposes. The excellent condition of the lots and lawns speaks for itself. In order to meet the requirements of these improvements it became necessary to add to the capacity of the water distribution. This involved considerable expense, but it is hoped that it will meet the needs for many years to come.

The general appearance of the cemetery would be greatly improved if the fence alongside the road could have a good coat of paint.

In the Old South Cemetery there has been a steady improvement of the grounds. New burial lots have been laid out which will meet the demands of the future for some time. Its greatest needs, at the present time are a coat of paint on the picket fence

and the rebuilding of the walls on the east, south and west sides and also the relaying of the bank-wall along the road.

In the Hillside Cemetery, in addition to the usual care, considerable extra labor has been expended in the way of cutting out and cleaning up the paths, also in fertilizing the ground. Here, again, is great need of painting the fence along the road. The Gilson Cemetery has received the necessary care and attention.

Interments.

During the year the following interments have been made: One in Gilson Cemetery, two in the Evergreen Cemetery, making a total of three.

Finance.

Cash in hands of treasurer, . .	$70 12	
Cash in hands of secretary, . .	15 50	
City appropriation, . . .	450 00	
Interest on notes and bonds, .	36 00

LEVI W. GOODRICH, Secretary.

Nashua, N. H., December 30, 1903.

PARK COMMISSION

OF THE

CITY OF NASHUA.

CHARLES W. HOITT,
GEORGE W. PARSONS,
E. H. WASON.

RESOLUTIONS

AND

ORDINANCES

Passed during the year

1903.

Resolutions and Ordinances.

RESOLUTION.

ADOPTING JOINT RULES AND FIXING THE TIME FOR HOLDING REGULAR MEETINGS.

That the joint rules of the City Councils for 1902 be and the same are adopted for 1903 until otherwise ordered, and the time for holding the regular meetings shall be on the second and fourth Tuesdays of each month at seven o'clock and thirty minutes in the afternoon.

Passed January 1, 1903.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the mayor and city treasurer for the time being are hereby authorized to hire money to pay the current expenses of the several departments or any outstanding notes, city script, certificates of stock, bonds and other evidences of debt of the city becoming due, and to give promissory notes of the city therefor.

Passed January 1, 1903.

RESOLUTION.

APPOINTING JOINT SPECIAL COMMITTEE TO INVESTIGATE AMOUNT OF FEES ACCRUING TO CERTAIN OFFICERS, EMPLOYED BY THE CITY OF NASHUA.

That a committee, consisting of His Honor, the Mayor, and two Aldermen, to be appointed by him and the president of the Common Council and two members of that body to be appointed by the last named, be and is appointed a joint special committee to investigate the amount of fees received by the city clerk and the city marshal and to report upon the advisibility of abolishing the same and their respective rights to receive the same and to fix a salary as full compensation for the services rendered.

Passed January 13, 1903.

RESOLUTION.

EXEMPTING "THE SELF CLOSING PAPER BAG COMPANY" A CORPORATION PROPOSING TO DO BUSINESS IN NASHUA, N. H.

That all buildings, machinery, tools, and stock of the Self Closing Paper Bag Company and any manufacturing establishment it proposes to erect or may erect and put in operation in said Nashua and the capital to be used in operating the same, shall be and is hereby exempt from taxation for the term of ten years from the thirty-first day of March, one thousand nine hundred and three, including any additions it may make during said period.

Passed January 27, 1903.

RESOLUTION.

PROVIDING FOR THE APPOINTMENT OF A SPECIAL JOINT COMMITTEE ON SEMI-CENTENNIAL CELEBRATION.

That, whereas the City of Nashua was incorporated as a city by the Legislature of the State of New Hampshire, and granted its charter as such, which charter was approved on the twenty-seventh day of the month of June in the year one thousand eight hundred and fifty-three, and

Whereas the current year, one thousand nine hundred and three, marks the fiftieth year of the corporate existence of said city, and

Whereas it is the universal sentiment and desire of the citizens of the said city that the event is worthy of especial attention;

Be it resolved, That at some suitable time during the current year, that there be held within said city a suitable celebration which shall be in every respect fitting and proper to commemorate the fiftieth anniversary of such incorporation and the fiftieth year of the corporate existence of said city.

Be it further resolved, That a committee consisting of four aldermen who shall be appointed by the mayor, and four members of the Common Council, one of whom shall be the president of the board, the other three to be appointed by him, be constituted as a committee from the City Councils of said city, which committee shall meet with a committee of eight members of the Nashua Board of Trade, to be appointed by said board, and a special committee of eight citizens of the City of Nashua, none of whom shall be members of the City Council or the said Board of Trade, to be selected by the mayor, and the said several committees shall be the official joint committee to have in charge the matter of the celebration of the Semi-Centennial as herein set forth.

Be it further resolved, That the mayor shall be the chairman and presiding officer of said joint committee.

Be it further resolved, That said joint committee shall have full power to make all arrangements for the said celebration, and shall seasonably make report to the City Councils of its suggestions, recommendations and the amount of money which ought to be appropriated for the proper observance of this event.

Passed January 27, 1903.

RESOLUTION.

CALLING A SPECIAL ELECTION IN WARD NINE NASHUA IN PURSUANCE TO THE PROVISION OF PUBLIC STATUTES CHAPTER 48, SECTION 11.

That, whereas, by the resignation of Augustin C. Blain as alderman for Ward Nine in said city a vacancy exists in the Board of Aldermen for said city.

Be it resolved, That a new special election be called for said ward to be holden on the second Tuesday of the month of March, one thousand nine hundred and three, for the purpose of filling said vacancy, by the election of an alderman to take the place of said Augustin C. Blain, and thereby fill the said vacancy for the unexpired portion of said alderman's term.

Passed February 10, 1903.

ORDINANCE.

FIXING THE SALARIES OF ASSESSORS.

That the salaries of the chairman and clerk of the board of assessors as now constituted shall be fixed at five hundred dollars per annum each and the salaries of the remaining members

of said board shall be fixed at four hundred dollars per annum each. Said salaries shall be paid in quarterly payments. The compensation of the clerical force employed by said board of assessors shall not exceed two dollars per day each and the assistant assessor or assessors the sum of three dollars per day for actual services.

Passed February 10, 1903.

ORDINANCE.

FIXING THE SALARY OF THE CITY CLERK.

That, Section 1. The city clerk shall receive in full for his services and for all duties appertaining to his office the sum of twelve hundred dollars per annum to be paid in monthly payments of one hundred dollars each.

Section 2. All fees, perquisites and emoluments allowed said clerk whether under the provisions of the Public Statutes of the State of New Hampshire or the Ordinances of said city or other laws shall be accounted for and paid over to the city treasurer.

Section 3. All ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect upon its passage.

Passed March 10, 1903.

ORDINANCE.

AMENDING AN ORDINANCE PASSED MARCH 14, 1899, RELATING TO THE FIRE DEPARTMENT OF SAID CITY.

That section 3 of the ordinance passed March 14, 1899, which ordinance was in substitution of chapter 5 of the revised ordin-

ances of the City of Nashua, be amended by striking out the whole of said section, and inserting and substituting in the place thereof the following, so that said section when so amended shall read.

Section 3. The engineers of steamers shall receive the sum of one hundred and thirty-five dollars per year in full for all services. Stokers shall receive the sum of one hundred and five dollars per year in full for all services. Company clerks, one hundred and ten dollars per year in full for all services. Captains of companies, one hundred and fifteen dollars per year. Lieutenants of companies one hundred and five dollars per year. Members of engine, hose, hydrant, hook and ladder and chemical engine companies, one hundred dollars per year. All of the above sums to be in full for all services. All salaries fixed in this ordinance, except permanent men, shall become due and payable semi-annually, on the second days of January and July of each year.

And that section 2 shall be amended to read as follows:

Section 2. The chief engineer shall receive the sum of twelve hundred dollars per year in full for all services; the four assistant engineers shall receive the sum of one hundred and thirty-five dollars per year in full for all services. The clerk of the board of engineers shall receive the sum of fifteen dollars per year, in addition to his pay as assistant engineer. The engineer of the chemical engine shall receive the sum of sixty-five dollars per month in full for all services.

This ordinance shall take effect July 1, 1903.

Passed March 10, 1903.

ORDINANCE.

IN RELATION TO BUILDINGS WITHIN CERTAIN LIMITS.

That section 1st, within the limits hereinafter described, no person shall erect, or cause to be erected any building, unless it

be for a dwelling house nor for other purpose, and located not less than ten feet from any other building; nor shall any building now or hereafter erected, be raised or enlarged unless all the external walls (except so much as may be necessary for doors and windows) be built of iron, brick, or stone, if of brick, not less than eight inches, if of stone not less than twelve inches in thickness, with the roof of slate, iron or other incombustible material.

Section 2. The restrictions and prohibitions contained in this ordinance shall apply to that part of the city on Main street between Abbott square, including Railroad square, and the Worcester railroad track; Factory street, from Main street to Walnut street.

Section 3. The restrictions and prohibitions contained in this ordinance shall not apply to the remodeling of buildings by raising or changing the form of the roof, providing no additional story is added nor the floor space increased thereby.

Section 4. Any person violating the provisions of this ordinance shall be punished by a fine of twenty dollars, and shall incur a penalty of ten dollars for each day he shall maintain any building so erected, raised or enlarged.

Section 5. Chapter 9 of the revised ordinances of said city, and all acts or parts of acts inconsistent with this ordinance are hereby repealed.

Passed March 24, 1903.

ORDINANCE.

AMENDING SECTION 19 OF CHAPTER 4 OF THE REVISED ORDINANCES OF THE CITY OF NASHUA.

That section 19 of chapter 4 of the Ordinances of the City of Nashua as passed Dec. 22, 1891, and as amended Feb. 14, 1893, is hereby repealed and the following substituted therefor: The

police officers of the City of Nashua shall receive the following named sums in full for their services as officers of the city aforesaid, to wit: The city marshal shall receive in full for his services and for all duties appertaining to his office, the sum of one thousand dollars to be paid in quarterly payments and all sums collected by him as costs and fines shall be paid over to the city treasurer in full.

The assistant marshal the sum of seventy-five dollars per annum; the first night watch man who shall be designated captain of the night watch, seventy-five dollars per annum. Each regular watchman, constable or police officer, the sum of two dollars and twenty-five cents per day when actually employed by the city in performance of his duty.

The city marshal, assistant marshal, and captain of the night watch shall be paid quarterly; the watchmen, constables, and police officers to be paid on the second and sixteenth days of each month. Special policemen or policemen substituting for any regular officer shall receive two dollars and twenty-five cents per day.

Each watchman together with the city marshal and assistant marshal be allowed annually in addition the sum of fifty dollars for uniform; said sum to be paid at the completion of each full year's service.

To take effect July 1, 1903.

Passed March 24 ,1903.

RESOLUTION.

FREE USE OF THE CITY HALL IN FAVOR OF THE J. G. FOSTER POST, NO. 7.

That the free use of the City Hall on the evening of March 4th, 1903, be granted to John G. Foster Post, No. 7, Grand Army of the Republic.

Passed March 24, 1903.

ORDINANCE.

FIXING THE FEES OF INSPECTOR OF PETROLEUM.

That the inspector of petroleum shall receive the sum of $1.50 for inspecting every car load of oil and for inspecting oil less than car load lots he shall receive the sum of five cents for each barrel inspected.

Said fees to be paid by persons requiring said inspector's services.

Passed March 24, 1903.

Passed March 24, 1903.

ORDINANCE.

TO FIX THE SALARY OF THE APPOINTED MEMBERS OF THE BOARD OF PUBLIC WORKS.

Section 1. That the three members of the Board of Public Works appointed by the mayor and board of aldermen receive in full for their services, two hundred dollars ($200.00) per an-

num, payable in quarterly payments of fifty dollars ($50.00) each. Said salary to begin January 1st, 1903.

Section 2. This ordinance shall take effect upon its passage.

Passed April 28, 1903.

RESOLUTION.

REIMBURSING WARD OFFICERS.

That the sum of ten dollars be paid to the moderator, clerk and each of the selectmen of the several wards in said city in addition to the sum already fixed by ordinances, as compensation for extra time and labor at the elections in March 10th and May 12th, 1903. And that the ballot inspectors be paid ten dollars each for services rendered at said election.

Passed April 28, 1903.

RESOLUTION.

REQUIRING THE BOSTON AND MAINE RAILROAD TO SECURE EATON STREET BY A BRIDGE.

That the Boston & Maine Railroad, lessees of the Worcester, Nashua and Rochester Railroad, be required to secure the crossing of Eaton street in said Nashua for its railroad, by a bridge over said street.

That the Board of Public Works are hereby instructed to see that Eaton street is graded and built, and that said railroad complies with the terms of this resolution.

Passed May 12, 1903.

RESOLUTION.

OMITTING REGULAR MEETINGS.

That the second regular meeting of the City Government be omitted during the months of June, July, August and September, 1903.

Passed May 26, 1903.

RESOLUTION.

FIXING THE TIME OF OPENING AND CLOSING SALOONS, BOWLING ALLEYS, BILLIARD AND POOL ROOMS.

That it shall be lawful for saloons, bowling alleys, billiard and pool rooms to keep open in said city of Nashua from 6 a. m. until 11 p. m. on all days except where otherwise provided by law.

This resolution to take effect on the 19th day of May, 1903.

Passed May 26, 1903.

RESOLUTION.

PROVIDING FOR THE APPOINTMENT OF A SPECIAL JOINT COMMITTEE TO BRING ABOUT AN AGREEMENT BETWEEN THE BOSTON AND NORTHERN STREET RAILWAY, AND THE HUDSON, PELHAM AND SALEM ELECTRIC RAILWAY CO., FOR THE ISSUING OF TRANSFERS.

That a committee consisting of two aldermen and three common councilmen be appointed by the presiding officers of the respective bodies, for the purpose of bringing about an agreement

between the Boston & Northern Street Railway Co., and the Hudson, Pelham & Salem Electric Railway Co., to issue transfer tickets to each other's lines, without extra charge to their patrons.

Passed June 9, 1903.

ORDINANCE.

REGULATING THE RUNNING OF AUTOMOBILES DURING CERTAIN HOURS.

Section 1. That no person shall drive any automobile or other self-propelled vehicle upon the streets of the City of Nashua, at any time between one hour after sunset and one hour before sunrise unless the same shall be provided with and shall carry a lighted lamp on each side of the front end of the same, sufficient to give reasonable warning of its approach.

Section 2. No person shall drive any motor-cycle or other self-propelled vehicle or machine in the nature of a bicycle at any time between one hour after sunset, and one hour before sunrise unless the same shall be provided with and shall carry on the front thereof a lighted lamp, sufficient to give reasonable warning of its approach.

Section 3. Whoever violates the provision of this ordinance shall be punished by a fine not to exceed ten dollars ($10) or by imprisonment not exceeding thirty (30) days or both.

Section 4. This ordinance to take effect upon its passage.

Passed June 9, 1903.

RESOLUTION.

APPROPRIATING $5,000.00 FOR THE OBSERVANCE OF THE SEMI-CENTENNIAL CELEBRATION OF THE CITY OF NASHUA.

That the sum of five thousand dollars ($5,000.00) be and hereby is appropriated for the purpose of observing the semi-centen-

nial celebration of the City of Nashua, June 28th, 29th and 30th, 1903.

Passed June 23, 1903.

RESOLUTION.

IN RELATION TO THE TIME FOR THE PAYMENT OF POLL TAXES.

That the time for the payment of poll taxes in the City of Nashua shall be on or before September 1, 1903, and if such tax shall then be unpaid, the collector is directed to proceed in the collection of the same according to Section 19, Chapter 60, of the Public Statutes of the State of New Hampshire.

Passed June 23, 1903.

RESOLUTION.

AUTHORIZING THE PURCHASE OF LAND FOR A HIGH SCHOOL HOUSE AND TO PROCURE A LOAN FOR PURCHASING THE SAME.

That His Honor, the Mayor, be authorized to purchase a certain tract of land situated in said Nashua, at the corner of Cottage and Temple streets, owned by the heirs of the late L. A. Roby. Said tract of land measuring on said Cottage street one hundred and fifty feet and on said Temple street two hundred and one feet, containing about twenty-eight thousand square feet.

That the sum of twelve thousand five hundred dollars ($12,500) be appropriated from the proceeds of certain bonds to be issued by virtue of a certain act passed by the last legislature and to be sold by said City of Nashua and the mayor and city treasurer be authorized and empowered to issue a note of said city payable in three months for said sum of twelve thousand five hundred dollars ($12,500).

Passed June 23, 1903.

ORDINANCE.

ESTABLISHING PUBLIC BATHING PLACES.

That Section 1. A joint standing committee, consisting of the mayor, who shall be chairman, two aldermen appointed by the mayor, the president of the Common Council and one councilman appointed by said president, is hereby created which shall be styled "The Committee on Public Baths," who shall have supervision and care of any and all public baths and bathing places now or hereafter established; and for the better regulation, government and care of such baths or bathing places, may employ a suitable person or person to care for the bathers, their effects and the property of said city during such hours as said committee may determine; that said committee may further fix the hours when said baths or bathing places shall be open for use and proper rules governing the same, which same shall be free to all complying with such rules and regulations and to none other persons.

Section 2. The said committee are further authorized to establish one or more public bathing places in the waters of said city under the provisions of this ordinance and subject to its terms, at an expense not exceeding $200.00 for the current year, and for the carrying out of the same a sum not exceeding $200.00 is hereby appropriated, which said sum shall be charged to and paid out of the money heretofore appropriated for Incidental Expenses.

Passed July 14, 1903.

RESOLUTION.

EXTENDING THE THANKS OF THE CITY OF NASHUA TO THE ORGANIZATIONS, COMMITTEES AND OFFICERS FOR ASSISTING THE 50TH ANNIVERSARY OF THE CITY.

That the thanks of the City of Nashua be extended to the orator and historian, the police, the chief marshal and staff, the

chiefs and staffs of the several divisions, the New Hampshire National Guard, the military and civil organizations, the veterans, the secret societies, the fire department, the manufacturers, the merchants of Nashua, the committees, and all others who so generously contributed to make the celebration of the 50th anniversary of the City of Nashua so great a success.

Be it further resolved, That these resolutions be published in the columns of the Nashua Daily Telegraph, the Nashua Daily Press and the L'Impartial.

Passed July 14, 1903.

RESOLUTION.

APPOINTING A COMMITTEE TO MAKE ARRANGEMENTS FOR AN OUTING OF THE CITY COUNCILS.

That a committee consisting of the mayor and three aldermen appointed by the mayor, the president of the Council and two councilmen appointed by the president, be authorized to see what arrangements can be made for a day's outing of the City Councils and report at the next meeting of the City Councils.

Passed July 14, 1903.

RESOLUTION.

APPROPRIATING MONEY FOR THE ERECTION OF A SCHOOL BUILDING.

That the sum of sixty thousand dollars ($60,000) be and the same is hereby appropriated for the purpose of building, erecting, completing and furnishing a high school building upon the Roby lot, so-called, in Ward Four in said Nashua pursuant to the provisions of an act passed by the Legislature of the State

of New Hampshire entitled, an act authorizing the City of Nashua to issue bonds and to exempt the same from taxation. "Approved March 13, 1903."

The mayor and city treasurer are hereby authorized to issue and sell bonds in the aggregate principal sum of sixty thousand dollars ($60,000) with interest coupons attached which bonds shall be of the date of October 1st, 1903, and shall be in the denominations of one thousand dollars ($1,000), five hundred dollars ($500) or one hundred dollars ($100) each. The principal and interest thereon shall be payable at the office of the city treasurer in Nashua or at the National Shawmut Bank of Boston, Mass.

The said bonds shall be payable to the bearer and mature October 1st, 1923.

The said bonds shall bear interest at a rate not exceeding four per cent per annum, payable semi-annually on the first day of April and the first day of October of each year upon the presentation and surrender of the proper interest coupons to the treasurer of the City of Nashua at his office, or to the said National Shawmut Bank.

It is further provided that the rate of interest to be paid shall not exceed three per cent per annum when said bonds are holden by residents of the City of Nashua, and all bonds so holden shall be exempt from taxation. The said bonds shall be signed by the mayor and shall be counter-signed by the city treasurer under the city seal and the interest coupons shall be signed by the mayor.

The proceeds of the sale of said bonds shall be used for the purpose specified herein.

The committee to carry this resolution into effect shall be composed of his honor, the mayor, and two members of the Board of Aldermen to be appointed by the mayor, the president of the Common Council and two members of that body to be appointed by the said president, and three members of the Board of Education appointed by that board.

The mayor and the city treasurer are hereby authorized to fix the rate of interest upon said bonds not holden by residents of the said City of Nashua at a rate not to exceed four per cent.

Passed July 14, 1903.

ORDINANCE.

RELATING TO THE SPEED OF BICYCLES, MOTOR CYCLES, AUTOMOBILES, AND ANY OTHER SELF-PROPELLING VEHICLES.

That no person shall ride or drive bicycles, motor cycles, automobiles or any other self-propelling vehicle in the compact parts of the city of Nashua at a greater rate of speed than eight miles per hour.

Any person convicted of the above offence shall be punished by a fine not exceeding ten dollars nor less than one dollar and shall pay costs of prosecution and stand committed until the sentence be performed.

This ordinance shall take effect upon its passage.

Passed August 11, 1903.

ORDINANCE.

RELATING TO JUNK DEALERS.

Section 1. That no person licensed under Chapter 124 of the Public Statutes as adopted by the City of Nashua, April 28th, 1896, shall sell or dispose of any article received in the course of his business until a period of at least one week from the date of the purchase or receipt of the same shall have elapsed.

Section 2. Every licensed person as aforesaid shall cause to be displayed in some suitable and conspicuous place in his shop a sign having his name and occupation legibly inscribed thereon.

Whenever any person licensed as aforesaid shall go about the city with a cart or wagon the same shall bear the name of such person and the number of his license in suitable letters.

Section 3. The fee for such license shall be five dollars.

Section 4. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed.

Passed August 11, 1903.

RESOLUTION.

APPROPRIATING MONEY FOR THE ERECTION OF A SCHOOL BUILDING TO REPLACE THE SCHOOL BUILDING NEAR "SILVER SPRING" SO-CALLED.

That the sum of eight hundred dollars be and the same is hereby appropriated for the purpose of erecting a building for school purposes to replace the building now occupied as a school and known as Suburban (No. 5) number five, located near "Silver Spring" so-called.

Said sum shall be appropriated from any money not otherwise appropriated and shall be expended under the direction of a joint special committee consisting of his honor, the mayor, one member of the Board of Aldermen to be appointed by his honor, the mayor, one member of the Common Council to be appointed by the president of that board and three members of the Board of education to be named by said board.

Committee.—Hon. J. J. Doyle, Geo. B. McQuesten, Allen F. Barker, John H. Vickery, Chas. B. Hammond, Wm. J. Flather.

Passed August 17, 1903.

RESOLUTION.

ON THE DEATH OF J. B. M'GUIRE.

Whereas, It has pleased Almighty God to remove from our midst our fellow member alderman, John B. McGuire, of Ward Three, it is hereby

Resolved, That while we bow in humble submission to the Invisible Power, yet we deplore our loss. The section that he represented has lost a loyal worker and ourselves, an agreeable and trusty associate.

Resolved, That we hereby extend to his bereaved family our heartfelt sympathy in this hour of sorrow.

Resolved, That a copy of these resolutions be sent to the family of the deceased and furnished the local papers for publication and spread upon the records of this board.

Passed Oct. 13, 1903.

RESOLUTION.

FOR A SPECIAL ELECTION FOR AN ALDERMAN IN WARD THREE, CITY OF NASHUA.

That, whereas, a vacancy in the Board of Aldermen of said City of Nashua has been created by the death of Alderman John B. McGuire, alderman of Ward Three, of said City of Nashua. That a special election be called in said Ward Three to be holden on Tuesday, the 17th day of November, 1903, for the purpose of electing an alderman from said ward to fill said vacancy.

Passed October 13, 1903.

RESOLUTION.

CHANGING THE NAME OF ORANGE SQUARE.

That the name of Orange Square, so-called, be changed to Foster Square.

Passed November 10, 1903.

RESOLUTION.

FOR THE FREE USE OF THE CITY HALL TO THE SENIOR CLASS OF THE HIGH SCHOOL.

That the free use of the City Hall be granted to the senior class of the Nashua High School for one night during the winter.

Passed November 24, 1903.

RESOLUTION.

GIVING THE RIGHT OF WAY OVER THE CITY LAND TO FRED E. NELSON.

That, as Fred E. Nelson of Concord, this state, proposes to erect a block of buildings upon the Aaron W. Sawyer premises adjoining the City Hall, the Committee on Lands and Buildings be authorized to enter into a written agreement with him, in the name and behalf of this city, that he may use as a way of approach to and departure from his proposed buildings for teams carrying goods and things, so much of the vacant land as lies between City Hall and the Record Building on the south, the said Sawyer premises on the north, and the Police Court Building on the east, as is reasonably needful for such teaming to and fro; the same not to be inconsistent with the customary or needful use made or to be made by the city thereof as a driveway, and not to disturb the bulkheads connected with the City Hall and used by the city. And further that the considerations moving from said Nelson as compensation for said use shall be the keeping of said land so far as used by him in good and suitable repair, properly concreted entirely at his own expense; that he may also have an outlet in common with the city upon the street on the north side of the City Hall by making at his expense such

changes and improvements as the said committee may deem proper and specify in the agreement.

Such agreement shall reserve to the City Councils the right to revoke the agreement at any future time after two years from January 1, 1904, by giving him three months' written notice thereof.

Passed, December 8, 1903.

ORDINANCE.

AMENDING SECTION 1 OF CHAPTER 24 OF THE REVISED ORDINANCES.

That Section 1 of Chapter 24 of the Revised Ordinances of 1892 be amended by striking out after the word "officers," in the first line, the words "of whom the city marshal shall be chairman" and by adding after the word "city" at the end of said section the following:

"Whenever quarantine is declared by the Board of Health or when contagious or infectious diseases exist which necessitate the establishment of quarantine or demand the aid, assistance, attention or control of the municipal authorities in the city to place such persons as may be afflicted therewith under the care of the city physician and to take proper precautions to protect the general public health," so that said section when so amended shall read as follows:

Section 1. It shall be the duty of the health officers, to carry into execution all ordinances and rules made or passed by the City Councils relative to the causes of filth existing within the limits of the city that may be injurious to the health, or may affect the comfort of the inhabitants of the city; or relative to the cleansing, removal or abatement of any unwholesome house or place within the limits of the city; and in pursuance of such rules and ordinances, procure all such causes, houses or places to be removed, cleansed or abated, as the case may require; and said officers, or either of them, may for the purpose aforesaid, and to

carry the same into effect, with suitable and proper assistants, at any time between sunlight and sunset, enter into and remain in any building or other place in said city.

Whenever quarantine is declared by the Board of Health or when contagious or infectious diseases exist which necessitate the establishment of quarantine or demand the aid, assistance, attention or control of the municipal authorities within the city to place such persons as may be afflicted therewith under the care of the city physician and to take proper precautions to protect the general public health.

Passed December 29, 1903.

ORDINANCE.

AMENDING SECTION 10 OF CHAPTER 24 OF THE REVISED ORDINANCES.

That Section 10 of Chapter 24 of the Revised Ordinances of 1892 be amended by striking out the words "It shall be the duty of the city marshal as" in the first line thereof and inserting in the place thereof, "It shall be the duty of the" so that said section when amended shall read as follows:

Section 10. It shall be the duty of the chairman of the Board of Health officers to keep an exact and true account of all costs, outlay and expenses that may be incurred in carrying into effect the provisions of this chapter by them or under their direction, and without delay report the same to the city clerk with the names of the various persons to whom they may be chargeable and the proportion and the amount payable from each person; and the clerk shall audit, examine, correct and charge the same in his books and without delay make out the bills therefor and place said bills in the hands of said chairman or city treasurer for collection.

Passed December 29, 1903.

ORDINANCE.

AMENDING SECTIONS 7 AND 9 OF CHAPTER 4 OF THE REVISED ORDINANCES.

That Section 7 of Chapter 4 of the Revised Ordinances of 1892 be and is hereby repealed and the following substituted therefor.

A Board of Health officers, consisting of three persons, shall be elected by the City Councils at the commencement of each municipal year. There shall be but one physician upon said board and he shall be the chairman thereof.

The person elected city physician shall not be a member of the Board of Health.

That section 9 of chapter 4 of the said ordinances be and is hereby repealed and the following substituted therefor:

There shall be elected by the City Councils at the commencement of each municipal year, a city physician, whose duty it shall be to attend, under the general direction of the overseer of the poor, upon all sick paupers and patients, under the care of the city authorities at the alms house or elsewhere. Whenever there is an epidemic of contagious or infectious diseases, or whenever contagious or infectious diseases exist which necessitate the establishment of quarantine or demand the aid, assistance, attention or control of the municipal authorities it shall be the duty of the city physician to attend upon all persons who may be afflicted with such contagious or infectious disease under the direction of the Board of Health. In case said city physician may require aid or assistance he shall apply to the City Councils therefor. He shall report annually in January to the City Councils a bill of mortality stating the age, sex and disease of each person deceased; in case of an alarm of any infectious or contagious disease, to give to either branch of the City Councils, or any committee thereof, all such professional advice and

counsel as they may request of him; to vaccinate all scholars of the public school that may be sent to him therefor by the school committee, and generally to perform such other professional service as may be reasonably required of him by the mayor and aldermen of the City Councils.

Passed December 29, 1903.

DIRECTOR OF DRAWING.

Elizabeth Buckingham, Whiting Building.

SUPERINTENDENT'S REPORT.

Gentlemen of the Board of Education:—

I beg to submit the following report, the thirty-seventh of its series.

For the year 1903, marked as it has been by the generous gift of a new High School building, due to the earnest action of you, the Board of Education, his Honor the Mayor, and the Gentlemen of the City Government, it seems fitting that an unusual amount of space in the superintendent's report should be given to the consideration of the building itself, together with recommendations concerning its curriculum.

I believe that all who are interested in the welfare of our public schools are to be congratulated upon the final realization of their hopes in regard to the long wished for High School building. The new building will serve not only to increase the higher educational interests of the city by providing more commodious and better quarters, but it will also allow for the discontinuance of the present Main street building, which has long been recognized as having improper ventilation and light. Moreover it will transfer the primary children from a building which is near the most congested part of Main street to a school where there is much less danger from passing electric cars and teams.

To one who has not considered the matter a knowledge of the extent and thoroughness of the training which is offered by the modern high school will come with surprise. The increased standard, even over that of twenty-five years ago, is marked and there can be no doubt that the high school training of to-day is far in advance of the training offered by the best American colleges a hundred years ago. It seems to be the opinion among leading educators that in so far as training may be conducted along the old lines of education, the high school has reached its limit, and that in the future the natural

growth will be toward a greater broadening along the manual training and trade school idea. The tendency is certainly not to place any additional emphasis upon the so-called culture studies which have formed so great a part of the high school courses in the past, however much the colleges may cry for more greek, more latin or more mathematics. Already there can be seen a reaction against the college domination of our public school curriculum, and a marked tendency is observable toward the idea of spending the school money raised by public taxation, so as to benefit more directly the youth of this country in his struggle for a livelihood. It is earnestly to be desired that the Board of Education of the City of Nashua, now that the opportunity is presented to them of equipping and fitting out a new high school, will take every advantage of this opening, and will lay a foundation, not necessarily along the traditional lines of the past, but, with broadening outlook, will take into consideration the tendency of the times and so map out its course of study as to anticipate the education of the future.

It is only necessary to visit a manual training school in operation to become convinced of its advantages. No one can watch the enthusiasm with which the pupils take hold of the work in hand and the true educational spirit with which they undertake their tasks without being converted to the just claim of manual training to a place in the public schools. It is surprising to note how much pleasure and pride the pupils take even in the most rudimentary exercises. The accurate filing of a bit of metal is as earnestly and enthusiastically performed by the novice as is the accurate use of the machine lathe by the advanced pupil. The boys seem to enter into the spirit of the work and to realize that long and hard practice is the payment which they must make for manual dexterity.

It must also be understood that no manual training course is complete in itself but that it must be supplemented by rigid courses in mathematics, physics, chemistry, mechanical drawing, study of mechanical movements and finally a course in the writing of english.

A strong commercial course is also particularly to be desired. In other cities like our own, Manchester for example, where a commercial course has been in operation for several years, it has been found that the interest and enthusiasm as shown by the numbers who elect this course are increasing every year. What more conclusive proof of the necessity and usefulness of such a course could be demanded than that offered by its popularity among the pupils themselves. It must be conceded also that this course is not elected from a mere whim or because it is easy, but for the reason that both the pupils and their parents see clearly that the benefits to be derived from a commercial course will have a direct bearing upon their life work. Doubtless, too, they have either consciously or unconsciously adopted as true that theory of Herbert Spencer by which he insisted on a greater predominance of utilitarian studies in the common schools, claiming for them as great a training for the mind as found in the culture studies and in addition, the direct benefits of their usefulness to the individual.

This demand for the introduction of more practical studies into our school curriculum is no new thing. The far-seeing Benjamin Franklin, who felt a deeper pride in his trade as a printer than in his career as a statesman, by his will left a sum of money to Boston and Philadelphia to assist the youth of those cities in learning trades. His reason for so doing is covered by the following quotation: "I have considered that among artisans, good apprentices are most likely to make good citizens, and, having myself been bred to a manual art, printing, in my native town * * * * I wish to be useful even after my death, if possible, in forming and advancing other young men that may be serviceable to their country." Moreover, Franklin, in mapping out a course of study suitable for the youth of the land says: "The natural and mechanic history * * * * should be continued through the subsequent classes * * * * for, next to the knowledge of duty, this kind of knowledge is certainly the most useful as well as the most entertaining. The merchant may thereby be enabled

better to understand many commodities of trade; the handicraftsman to improve his business by new instruments, mixtures, and materials; and frequently hints are given for new manufactures or new methods of improving land that may be set on foot greatly to the advantage of the country."

In Benjamin Franklin's age the apprentice system was at its height, and he naturally included it in his scheme of education, but could he have foreseen the death of the apprentice system through the modern revolutions in methods of manufacture and the control of labor, he would certainly have advocated that the state provide in some way through public education an adequate substitute for its loss.

The Germans have already taken a leaf from Franklin's notebook, and the president of the Armour institute, in summing up an article on the German schools, writes as follows: "So numerous are these specialized schools that a German can always find one in which he can learn the latest and best principles, devices and methods of any trade or profession he may desire to follow. Add to all these the latest German innovation of commercial high schools and colleges of commerce, then wonder, if you can, why German competition is so keen and why German trade and industry are reaching every market the world over. The Germans have discovered that the secret of success in trade and industry depends upon education; not upon education of the library and the cloister but upon the education of the laboratory, the shop and the modern lecture room."

During the past year the schools have made steady progress. Nothing unusual has occurred to distract the regular course of events. The attendance has been unusually good; little time has been lost on account of stormy weather; and no contagious disease has been epidemic.

It is my belief that the schools of Nashua are equipped with an unusually efficient crops of teachers. Very few cases of punishment are reported and very little friction occurs between teachers and pupils or teachers and parents. The discipline in

all the schools is good, indicating not only the power which the teacher possesses, but the regard in which she is held by her pupils. The unit of school life is the schoolroom, and whatever the school system may be in other respects, if the teachers who have charge of these rooms are inefficient, the schools fail; on the other hand, if the schoolrooms are well conducted through the strength of the personality of the teacher, a school system composed of these units cannot be otherwise than strong and efficient. It should be borne in mind that a child's school life is made up of thirteen distinct steps, that is, thirteen years or grades, and that any one of these years is as important and necessary to the child as any of its fellows; in other words, the primary teacher in the first, second or third grades has as much and possibly more to do with the moulding of the educational life of the pupil as does any teacher in the high or the grammar schools.

In closing this report I beg to express my obligation for the many kindnesses received from the Board of Education.

Respectfully submitted,

JAMES H. FASSETT.

REPORT OF THE DIRECTOR OF MUSIC.

NASHUA, N. H., January 1, 1904.

To Mr. James H. Fassett, Superintendent of Schools:—

DEAR SIR:—This the seventh annual report of the department of music in the public schools of Nashua under the present director is respectfully submitted. An outline of the course as now conducted follows.

During the first year of school the pupils are taught a series of rote songs from the best child music literature obtainable, to cultivate a love for the good and beautiful in the pupil. In conjunction with the songs the elementary rudiments of musical notation are taught. The first year the children are made to master the major scale, exercises in duple and triple rhythm, with the starting point from all degrees of the staff; the half-note in two-four time, the same in three-four time, and the dotted half-note in three-four time. These exercises are produced on the blackboard by the teachers from a schedule furnished by the director.

The second year in school is devoted to the review of the first year work with progressive exercises and the extension of the scale to four above. During this year key relationship is established and six keys are taught. These exercises are also produced on the blackboard from a plan of the director's.

With the third year of school the pupils are introduced to the use of books. With the use of these are developed the division of beats in several kinds of rhythm and sharp-four is taught in nine keys.

In the fourth year of school the work of the previous years is reviewed and the introduction of flat-seven in nine keys is taught. In the last six weeks of this year two-part singing is introduced.

With the fifth year of school two-part singing is permanently established. This is carried on in all kinds of rhythm taught in the preceding years and in eleven keys. The chromatic scale is introduced in this year with the practice of exercises and songs.

In the sixth year of school the minor modes are introduced in relation to the eleven major keys taught in the preceding grades in two-part exercises and songs. Much written work is done in this grade to establish the minor modes on a firm basis.

The seventh grade introduces three-part singing and the introduction of six and seven sharps and flats with the review of all former keys.

In the eighth year the F (Bass) clef is developed and the boys are taught to sing in this staff in three-part exercises and songs.

The ninth year in school is devoted to the study of folk and part-songs of the best literature in music, selected from the greatest masters of the art. This work is done in three and four-part singing, preparatory to the study of choral music in the high school.

Music in the high school is now confined to the study of choral masterpieces. (The class in theory having been discontinued on account of the crowded curriculum.) None but the best cantatas and oratorios are taken up for study in this school. They are usually produced in public at the end of the school year with no small degree of success.

Last year the school studied the oratorio "The Seven Last Words of Christ," by Dubois, and gave the same in public during the annual Nashua Music Festival, in City Hall, with the assistance of New York and Boston soloists and orchestra.

At present the choral class of this school is studying the dramatic cantata, "The Crusaders," by Niels Gade, and the same will be given at the May festival under the same conditions as that of last year.

The Kindergartens are doing good work in the teaching of

rote songs to their little folks, and this is proving a source of much help to the "first grades."

The teachers in all the schools are manifesting enthusiasm of the right sort, and this is fast making the boys and girls enjoy and appreciate what is being done for them by the citizens and the School Board. For this the director is grateful and for all the courtesies received at the hands of the Board, the Committee on music, and the Superintendent.

Respectfully submitted,

E. G. HOOD,

Director of Music.

REPORT OF DIRECTOR OF DRAWING.

To Mr. James H. Fassett, Superintendent of Schools:—

DEAR SIR—In one way the drawing course remains very much the same from year to year. That is, a certain number of lessons is given each year in free hand and mechanical drawing, clay modeling, designing and color. In another way the course is constantly changing by the advancement of the standard of work along these lines.

For instance, when I first came to Nashua there was practically no study of color in the schools. As soon as brushes and paints were provided the pupils began a sytematic study of color, but as those in the ninth grade had little more practice than those in the fourth the results obtained from both classes were much the same. Year by year the children have gained knowledge until this year, my fifth in Nashua, the pupils in the ninth grade in the same number of lessons were able to take up quite advanced problems in the color harmonies and contrasts.

In mechanical drawing, also, an advance has been made. This improvement is due chiefly to the equipment which has been provided by the drawing department. Undoubtedly mechanical drawing was as well taught before I came here as it could be without proper tools. The drawing boards, triangles and T squares which were bought two years ago brought about a marked improvement. I hope that the castors, bolts and hinges which have been bought this year, in large enough numbers to provide a model for each pupil will give even better results.

The teachers in the suburban schools are now chiefly young ladies who have studied in the training school since I came to Nashua. As my visits to the suburban schools are comparatively few it is a great advantage to have teachers who have

taught drawing under my direction in the training school, and who are perfectly familiar with my methods. Good work is being done in these schools.

In the high school Miss Rena D. Parker has been able to give three periods each week to the drawing instead of two which have been formerly given. This, of course, is a great advantage. The work is being carried on along the same lines as formerly, and is in a very satisfactory condition.

Before closing I would like to thank the members of the Board of Education and the teachers for their unfailing interest and help.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.
